

Winter Kamchatka — Detailed description

Trip Length: 8 Group: 4-18 Departure: Fixed Period: January - April

Trip overview

If the brown bears of Kamchatka go into hibernation, it is not true for the peninsula, on the contrary! Kamchatka is worthy of its great volcanoes and remains very active throughout the year.

This trip offers you an opportunity to discover Kamchatka and enjoy the joys of winter at this faraway land.

Shortly after the arrival, you immerse yourself in an open bath of warm thermal water, in the village of Paratounka. You will then have an opportunity to repeat this experience on nature and appreciate the benefits.

You will approach Avachinsky volcano, one of the famous volcanoes of Kamchatka. At its foot, you will spend unforgettable moments, dog sledding and snowmobiling. Also, we will make a great excursion to the footstep of the Avachinsky volcano.

Kamchatka is also the Pacific Ocean. You will walk on the shore and will be lucky enough to see a lot of different mammals that inhabit its water. Anyway, you can watch the impressive sea-lions that come to rest to the dock of Petropavlovsk-Kamchatsky.

Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

If you are a vegetarian or have any particular preferences, please let us know, so we could adapt the menu.

Laundry

Some hotels and inns offer laundry services for a variable sum of money. It is sometimes possible to use laundry services at homestay (when there is running water) for a fee.

Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

BaikalNature offers visa support and has created "BaikalNature letter of invitation" package. If you buy a BaikalNature tour, this package is absolutely free; when you buy any other BaikalNature service, you will have to pay for this package.

For more information please contact your nearest Russian Embassy or Visa Application Center.

Money

The Russian currency is ruble. In all cities and many large villages of Russia, you can easily withdraw rubles, using a Visa or MasterCard, from ATMs, located in banks, department stores or hotel lobbies, some of them are open 24 hours a day. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities, seldom in the countryside. However, it can be difficult to exchange traveler's checks, even in cities.

Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left at your discretion in envelopes.

Health

You need to get a health examination before a great trip. Consult your doctor. Get a dental checkup. If you have health problems that could worsen during the trip, make sure you have taken all your medications with you.

Provide a first aid kit that includes among other items:

- aspirin or paracetamol,
- anti-diarrheal pills,
- antiseptic,
- adhesive plaster,

If you have individual diseases, make sure you have taken your medications.
