

Barguzinsky And Chivyrkuysky Gulfs — Detailed description

Trip Length: Group: 1-10 Departure: Fixed Period: December - January

Trip overview

The Svyatoy Nos Peninsula forms the two largest gulfs of Lake Baikal - Chivyrkuysky and Barguzinsky. Chivyrkuysky Gulf is 26 km/16 mi long and its width varies between 6 and 12 km (4 and 7.5 mi). Its shores are beautifully embayed and covered with dense forest. The depth of the gulf usually does not exceed 10 m/32 ft that is why the water is relatively warm in summer - from 19° to 23° C (66° to 74° F). In some places the gulf abounds in fish.

Barguzinsky Gulf is the largest gulf of the lake: the gulf basin is over 700 sq km (270 sq mi). Its waters are known for plenty of fish.

Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

BaikalNature offers visa support and has created "BaikalNature letter of invitation" package. If you buy a BaikalNature tour, this package is absolutely free; when you buy any other BaikalNature service, you will have to pay for this package.

For questions regarding obtaining an electronic visa, please contact your tour manager.

Money

The Russian currency is ruble. The cost of travel and other services is always fixed in rubles. Please note that cards from foreign banks do not work in Russia at the moment. Tourists can obtain a bank card from a Russian bank in advance or travel with cash. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities. It is also worth noting that the exchange rate at airports is usually not the most favorable. It is better to exchange in big cities (you can check the current exchange rate online). Important! Only new banknotes without defects or any traces are accepted for exchange.
