

To The Evenks In Taiga — Detailed description

Trip Length: Group: 1-10 Departure: Fixed

Trip overview

The Evenks populated the taiga zone stretching from the Irtysh river to the Sea of Okhotsk including the territories of the Lena river, the Angara river and Lake Baikal. These people were the most numerous in Siberia. Their main occupations were reindeer breeding, hunting and fishing.

This outstanding tour invites you to discover the remains of authentic culture. It will take you to the real backwoods of Buryatia. However, even if the Evenks do not live in raw-hide tents any more and do not raise deer to survive, these people of woods still keep their particular lifestyle. A trail will bring us to the end of the Barguzin valley where we will discover a typical village isolated by its location and perhaps... by time...

Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

It is hot in summer at Lake Baikal area. Nevertheless, you should always have something to put on, as weather in Siberia is very changeable.

If you plan your trip in May or September, please feel free to bring your hat, gloves and windjacket in case of snow or rain.

June is also pretty cool.

July and August are the hottest months, which offer you temperatures of 25 ° - 35 ° at daytime and 15 ° - 18 ° at night. On the shores of Lake Baikal, like in the Alps, you should wear T-shirts and shorts in the sunny afternoons, sweaters and jackets in the cool evenings.

ATTENTION! The list of equipment varies with the season of travel!

If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities, seldom in the countryside. However, it can be difficult to exchange traveler's checks, even in cities.
