

The Ring of Fire — Detailed description

Trip Length: 13 Group: 50-100 Departure: Fixed Period: June

Trip overview

The name of the cruise speaks for itself. The temperature of this journey tends to be high. It can be said that the expedition is on fire. You will navigate through the territory where the volcanoes are on every step (129 volcanoes officially counted in Kamchatka where a quarter of them are being active). They form an uninterrupted volcanic chain, which stretches along the eastern coast of the peninsula. Besides, during the trip you will see brown bears and a lot of different birds. And if luck is on the side of the tourists you will observe local marine animals: dolphins, porpoises, minke and different kinds of whales: the sperm whale, killer whale, beaked whale, sea whale, fin whale, humpback whale, the Japanese whale and etc. You will feel like a pioneer discovering this uninvestigated region. It's unique nature and fauna will not leave indifferent even the most demanding and sophisticated travellers.

The cruise is held on board of the ship "Spirit of Enderby"
