

Trekking from Listvyanka to Bolshiye Koty — Detailed description

Trip Length: 2 Group: 1-6 Departure: Fixed Period: June - August

Trip overview

This trekking starts from Listvyanka and takes 6 to 8 hours, depending on pace. The trail follows the shore through the cliffs, beaches and forest. In Bolshiye Koty we will climb the mount to meditate in celestial silence admiring the panorama of the lake, we will go for a walk in taiga, and, if we have more strength, we will climb Skriper cape to enjoy this marvellous viewing point that takes one's breath away...

In the village we will stay with a local family. The hospitable hostess will serve a homemade dinner, and after a hard day we will have a rest in a real Siberian bath (the Russian banya).

In order to enjoy the uninhabited segment of the Baikal coast once again, on the second day we will return to the village of Listvyanka on a private speedboat!

Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

BaikalNature offers visa support and has created "BaikalNature letter of invitation" package. If you buy a BaikalNature tour, this package is absolutely free; when you buy any other BaikalNature service, you will have to pay for this package.

For questions regarding obtaining an electronic visa, please contact your tour manager.

Money

The Russian currency is ruble. The cost of travel and other services is always fixed in rubles. Please note that cards from foreign banks do not work in Russia at the moment. Tourists can obtain a bank card from a Russian bank in advance or travel with cash. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities. It is also worth noting that the exchange rate at airports is usually not the most favorable. It is better to exchange in big cities (you can check the current exchange rate online). Important! Only new banknotes without defects or any traces are accepted for exchange.
