June is also pretty cool.

July and August are the hottest months, which offer you temperatures of 25 ° - 35 ° at daytime and 15 ° - 18 ° at night. On the shores of Lake Baikal, like in the Alps, you should wear T-shirts and shorts in the sunny afternoons, sweaters and jackets in the cool evenings.

However, it can be difficult to exchange traveler's checks, even in cities.

Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left at your discretion in envelopes.

You need to get a health examination before a great trip. Consult your doctor. Get a dental checkup. If you have health problems that could worsen during the trip, make sure you have taken all your medications with you.

It is advisable to keep the following vaccines valid:
