

In Search of the Northern Lights — Detailed description

Trip Length: 5 Group: 4-6 Departure: Fixed Period: December - January

Trip overview

Have you ever dreamed of visiting the Arctic? To see the Northern Lights, the vastness of the tundra, to feel the power of the Arctic Ocean at the far end of Russia? To try your hand at harnessing sled dogs? To meet the people of the north, the Saami, to discover its culture and taste its cuisine? Did you think it was inaccessible, very expensive, or just for overtrained and over-equipped?

Well no ! With our trip "In Search of the Northern Lights" the dream of discovering the Arctic becomes reality. This program is the result of our presence for several years in the Kola Peninsula and as we believe, is a perfect mix to discover the Arctic.

This trip in the Kola Peninsula is suitable for families with children over 5 years old and does not represent any physical difficulty.

During this trip to the Russian Arctic you will visit Murmansk, the largest city in the world located beyond the Arctic Circle. You will take a snowmobile ride to the mysterious lake Seidozero, you will take an outing in the snow-covered forest in sleds drawn by dogs, get acquaintance with reindeer. In addition, you will get to know the traditions and rites of the ancient Sami tribes and, of course, taste their local cuisine.

Here, in the middle of the Kola Peninsula, you will witness one of the most beautiful and mysterious natural phenomena: the aurora borealis. It is not possible to book nice weather or clear skies, but this trip in the middle of the polar night is perfectly suited to the search for the Aurora Borealis!

Do not miss the opportunity to get to know the world of the Arctic, its culture and its endless white expanses!

Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

We recommend you to pack all your stuff in two bags: a small backpack and a large travelling bag.

SMALL BACKPACK: will be useful for carrying your personal belongings during the day (camera, film, personal medication, bottled water, etc.) You will also use it as hand luggage during air travel for all your heavy (to lighten the travel bag in the luggage compartment), fragile (camera, etc.) and necessary (toilet bag, etc.) things.

BIG TRAVEL BAG or BIG BACKPACK: must contain the rest of your stuff. It will be in the luggage compartment during the flight. It will be transported by vehicles.

However, it can be difficult to exchange traveler's checks, even in cities.
