

Baikal Ski Tour — Detailed description

Trip Length: Group: 2-10 Departure: Fixed Period: December - January

Trip overview

Here is an exciting journey to the heart of snow-covered and enveloped in cold Siberia. This time we invite you to visit frozen Lake Baikal by skiing and snowmobiling. The tour starts in the south of the Baikal with a 12 km (7.5 mi) cross-country skiing to accustom you to this travel mode before leaving for a 3-day ski journey on the ice of Lake Baikal. We will visit an open-air architectural monument - the Circum-Baikal Railway, will see its tunnels pierced into the mountain and picturesque viaducts. In the atmosphere of Polar landscapes we will ski on the Baikal ice field stopping overnight in small Siberian villages or at forestry officers' houses. In some areas the ice can be free from snow, which can hamper our moving at first. But little by little you will get used to slide on ice and will begin to move much easier. During this tour you will travel light, all your luggage will be transported by car.

In addition to this adventure snowmobiling in snow-covered taiga, ice diving, and splendid landscapes of the winter Baikal await for you.

Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

If you are traveling in the spring or autumn, please check with your manager for a list of recommended equipment and an approximate weather forecast.

Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

BaikalNature offers visa support and has created "BaikalNature letter of invitation" package. If you buy a BaikalNature tour, this package is absolutely free; when you buy any other BaikalNature service, you will have to pay for this package.

For questions regarding obtaining an electronic visa, please contact your tour manager.

Money

The Russian currency is ruble. The cost of travel and other services is always fixed in rubles. Please note that cards from foreign banks do not work in Russia at the moment. Tourists can obtain a bank card from a Russian bank in advance or travel with cash. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities. It is also worth noting that the exchange rate at airports is usually not the most favorable. It is better to exchange in big cities (you can check the current exchange rate online). Important! Only new banknotes without defects or any traces are accepted for exchange.

Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left at your discretion in envelopes.
