

Great Baikal. Winter Version — Detailed description

Trip Length: 12 Group: 4-12 Departure: Fixed Period: February - March

Trip overview

Once you have made a decision to go for a travel to Lake Baikal, you have thought a great deal about places to visit. We have elaborated for you the unique tour that allows trying and seeing everything! You will see all types of landscape, all essential landmarks and all types of the Baikal ice: snowy fields, unlimited polished ice rinks, ice hummocks, ice coves and others. The total distance of the itinerary is more than 2000 km! For understanding the immensity of this tour, just take a look at the map!

Symbolically the first meeting with Baikal will be held in the southernmost point of Lake Baikal and the tour will end in the northernmost part near the stele "Northern Baikal". When you will go on ice for the first time in the south part of the lake, you will get acquaintance with the Circum-Baikal railway. Moreover, you will pass by the Angara source by hovercraft. During this tour you will cross Lake Baikal twice. The first crossing will be in the deepest and widest central part of lake on the crystal ice fields. You will stay overnight in the BaikalNature Ice Camp in the geographical center of the lake. In the camp the unique activities are proposed: you can skate on the natural ice rink, to play ice hockey or to have a rest in Ice Bar. For those who want we propose to take Russian banya (sauna) and to dive in an ice hole. The second crossing will be in the north of Lake Baikal – the most under populated and hard-to-get part of the lake.

The special part of the tour is the rest in the Baikal corner of paradise far away from civilization – Khakussy hot springs. Besides that you will visit the symbolic places: Listvyanka village, Peschanaya bay, Olkhon island, Barguzinskiy and Chivikuysky golfs, Khakussy hot springs, Severobaykalsk city.

In the end of the tour you will go on train by the Baikal–Amur Mainline (BAM) – one of the biggest railway lines all over the world.

After this tour, you will be able to say that you know the winter Baikal!

Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

We recommend you to pack all your stuff in two bags: a small backpack and a large travelling bag.

SMALL BACKPACK: will be useful for carrying your personal belongings during the day (camera, film, personal medication, bottled water, etc.) You will also use it as hand luggage during air travel for all your heavy (to lighten the travel bag in the luggage compartment), fragile (camera, etc.) and necessary (toilet bag, etc.) things.

BIG TRAVEL BAG or BIG BACKPACK: must contain the rest of your stuff. It will be in the luggage compartment during the flight. It will be transported by vehicles.

Money

The Russian currency is ruble. In all cities and many large villages of Russia, you can easily withdraw rubles, using a Visa or MasterCard, from ATMs, located in banks, department stores or hotel lobbies, some of them are open 24 hours a day. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities, seldom in the countryside. However, it can be difficult to exchange traveler's checks, even in cities.

Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left at your discretion in envelopes.

Health

You need to get a health examination before a great trip. Consult your doctor. Get a dental checkup. If you have health problems that could worsen during the trip, make sure you have taken all your medications with you.

Provide a first aid kit that includes among other items:

- aspirin or paracetamol,
- anti-diarrheal pills,
