

Survival in the Siberian taiga — Detailed description

Trip Length: 8 Group: 1-4 Departure: Fixed Period: December - January

Trip overview

If you are looking for something truly special, if you are tired of the routine of the city and want to test yourself for strength, if you lack vivid impressions, we offer you a unique «Survival in the Siberian Taiga» tour.

For the most daring, we suggest going in search of adventure to the very heart of the Siberian taiga, to the foot of the majestic Khamar-Daban mountain range. The route starts from Baikal itself, passes through gentle plains, impenetrable taiga, through passes, streams and rivers, along calm lakes and numerous waterfalls. You will find yourself in a place cut off from civilization, where everything lives according to the rules of nature itself, where there are much more chances to meet a wild animal than a person. Together with a group of daredevils and our experienced guide, you will learn how to survive in the Siberian taiga - without the Internet, communications, electricity.

During the tour, you are provided with only the minimum set of necessary tools: axes, knives, campfire equipment, fishing tackle, backpacks and tents. It is no coincidence that we organize a tour at the end of August, when the taiga is rich in all gifts: mushrooms, berries, fish, cones. You will learn how to fish, distinguish between edible and inedible berries, mushrooms and herbs, and also try all the gifts of the taiga forest.

We can guarantee that after such an extreme tour you will never be the same again. Being cut off from all the good things, you will understand the value and importance of the moment. What you are doing here and now. No matter how unfriendly the deaf Siberian taiga may seem to you, you will discover a completely different nature for yourself: one that helps everyone who is able to hear and understand it.

We trust the safety on the route to our most experienced guide. He has emergency communication equipment and a first aid kit at his disposal. All tour participants are insured.

IMPORTANT: before you go on a tour, objectively evaluate your physical and moral strength.

Meals

Cold lunch and hot dinner, cooked on an open fire in the evening.

Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

BaikalNature offers visa support and has created "BaikalNature letter of invitation" package. If you buy a BaikalNature tour, this package is absolutely free; when you buy any other BaikalNature service, you will have to pay for this package.

For questions regarding obtaining an electronic visa, please contact your tour manager.

Money

The Russian currency is ruble. The cost of travel and other services is always fixed in rubles. Please note that cards from foreign banks do not work in Russia at the moment. Tourists can obtain a bank card from a Russian bank in advance or travel with cash. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities. It is also worth noting that the exchange rate at airports is usually not the most favorable. It is better to exchange in big cities (you can check the current exchange rate online). Important! Only new banknotes without defects or any traces are accepted for exchange.

Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left at your discretion in envelopes.

Health

You need to get a health examination before a great trip. Consult your doctor. Get a dental checkup. If you have health problems that could worsen during the trip, make sure you have taken all your medications with you.

Provide a first aid kit that includes among other items:

- aspirin or paracetamol,
- anti-diarrheal pills,
- antiseptic,
- adhesive plaster,

If you have individual diseases, make sure you have taken your medications.
