

Nenets reindeer herders — Detailed description

Trip Length: 4 Group: 2-8 Departure: Fixed Period: December - January

Trip overview

The endless Arctic tundra, the real life of nomad reindeer herders far away from the city's rhythms... If you are for an adventure, this tour is special for you!

The deer farming is not a simple occupation of the Nenets people. On the north, the deer is a life itself. Skins are for making clothes and dwellings, venison is the main ingredient of the local cuisine, reindeer sledge is an indispensable transport in severe tundras.

During this tour you will get acquaintance with the city Naryan-Mar - the only city of the Nenets Autonomous Okrug. You will visit the reindeer herders camp far away from the inhabited regions. You will get acquaintance with their way of life and their traditions, try the arctic fishing and try to understand the life of the most numerous native ethnic group of Northern Russia. How unusual and hard the nomad's life seems to be, you will see that their cordiality is hotter than the severe Arctic tundra and their traditions are stronger and more important than the civilization comforts!
