

## Flight to the North Pole — Detailed description

Trip Length: 3 Group: 1-8 Departure: Fixed Period: December - January

### Trip overview

What is the most special travel? Of course, it's an arctic travel. We propose to you the flight to the heart of the Arctic Ocean – to the North Pole. After this tour, you will feel yourself very special one as every year the North Pole is visited only by about 500 persons. It's unique tour proposed by the Russian tour operator.

The tour starts in Longyearbyen situated on the Spitsbergen archipelago – the northernmost part of Europe. You will fly over the endless white open spaces, you will spend time in the amazing ice camp Barneo set up on the ice-floe, you will visit the geographic North Pole and of course you will get the Certificate of achievement of the North Pole. For those who want to try something extreme, we propose to bathe in the Arctic ocean and to take the polar banya (sauna).

Whatever your main aim is – to realize the dream from the childhood or to taste yourself. You will never be the same. Feel yourself a real Polar explorer reaching the top of the world!

### Highlights

- The most accessible possibility to reach the North Pole
- Accommodation in the real ice camp - Barneo
- Possibility to feel yourself a real polar explorer
- Accommodation in the heated tents of Barneo ice camp
- White bears watching
- Possibility to have a polar sauna and to bathe in the Arctic ocean

- Optional activities
- Beverages

### Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.

Уникальный внутренний номер документа: 1077870

- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.
