Trip Length: 1 Group: 1-8 Departure: Fixed

Trip overview

70 km from Irkutsk, on the spot where the Angara River takes its source, Listvyanka is located remaining the most accessible village from the lake. Excursion to Listvyanka village is the good opportunity to get acquainted with the lake if you have only one available day. We suggest this excursion before the great tours to the lake – there the acquaintance with Lake Baikal should be started!

Many years ago the cargoes of tea, salt, meat, fish and furs were transferred through the port of Listvyanka. At the Soviet time the Institute of Limnology of the lake, that is now in Irkutsk, was located there and conducted great researches on this gigantic natural laboratory called Lake Baikal. The building of the Institute in Listvyanka is nowadays the Baikal museum. There are unique expositions representing the variety of the Baikal flora and fauna. The village is situated an hour away from the city of Irkutsk and it's the most accessible Baikal point to visit.

Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

It is hot in summer at Lake Baikal area. Nevertheless, you should always have something to put on, as weather in Siberia is very changeable.

If you plan your trip in May or September, please feel free to bring your hat, gloves and windjacket in case of snow or rain.

June is also pretty cool.

July and August are the hottest months, which offer you temperatures of 25 ° - 35 ° at daytime and 15 ° - 18 ° at night. On the shores of Lake Baikal, like in the Alps, you should wear T-shirts and shorts in the sunny afternoons, sweaters and jackets in the cool evenings.

ATTENTION! The list of equipment varies with the season of travel!
