

Kingdom Of Ice — Detailed description

Trip Length: 8 Group: 5-14 Departure: Fixed Period: February - March

Trip overview

This winter tour to Baikal can rightfully be considered our “pearl”. Breathtaking landscapes, rich culture of two regions, an incredible number of attractions and, of course, Baikal ice in all possible forms: endless ice surfaces, majestic hummocks and fabulous icy caves.

In just 7 days you will be able to truly learn and feel the greatness of winter Baikal! We start in the city of Irkutsk - the capital of Eastern Siberia. We head to the village of Listvyanka: here you will be immersed in the culture and history of the region, as well as your first meeting with Lake Baikal! Then we will make a fascinating journey on a hovercraft along the western coast of Lake Baikal to the Olkhon Gate Strait.

During the ice road, we will make stops in the most iconic places: ice fields for those who want to skate on the largest skating rink in the world, bubble ice for those who like spectacular photo shoots, Marble Canyon and petroglyphs for a complete immersion in the history of the region's development. Then, you will get acquainted with the island of Olkhon - the pearl of Lake Baikal! Let's continue our journey by crossing Lake Baikal in its widest part.

We will pass the geographical center of the lake on ice more than a meter thick, above its deepest point! Having reached the eastern shore of Lake Baikal, we will get acquainted with the life of fishing settlements and visit the territory of the Barguzinsky Nature Reserve - the Holy Nose Peninsula. To make your vacation memorable, we'll swim in wild hot springs, and in the evening we'll go to a real Russian bathhouse! We will move to the capital of Buryatia - the city of Ulan-Ude, where we will visit the Ivolginsky Datsan - the main Buddhist temple in Russia. Farewell dinner with the group and a night on the train along part of the Trans-Siberian Railway, passing at the very edge of southern Baikal.

The circular route of the tour is suitable for the most sophisticated travelers, because every day you will have a stop in a new place. For your convenience, only individual transport, comfortable accommodation, experienced guides and complete safety.

Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

Meals

At restaurants and homestays in cities, traditional cuisine consists of local specialties.
Picnic for lunch and hot meal served at your accommodation in the evening.
If you are a vegetarian or have any particular preferences, please let us know, so we could adapt the menu.

Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

BaikalNature offers visa support and has created "BaikalNature letter of invitation" package. If you buy a BaikalNature tour, this package is absolutely free; when you buy any other BaikalNature service, you will have to pay for this package.
For questions regarding obtaining an electronic visa, please contact your tour manager.

Money

The Russian currency is ruble. The cost of travel and other services is always fixed in rubles. Please note that cards from foreign banks do not work in Russia at the moment. Tourists can obtain a bank card from a Russian bank in advance or travel with cash. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities. It is also worth noting that the exchange rate at airports is usually not the most favorable. It is better to exchange in big cities (you can check the current exchange rate online). Important! Only new banknotes without defects or any traces are accepted for exchange.

Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left at your discretion in envelopes.

Health

No compulsory vaccination.

You need to get a health examination before a great trip. Consult your doctor. Get a dental checkup. If you have health problems that could
