

Seven Wonders of Russia — Detailed description

Trip Length: 21 Group: 4-6 Departure: Fixed Period: December - January

Trip overview

In 2008 the Russian Television Network "Rossiya" organized a national competition "7 Wonders of Russia". After 10 months of voting on its official site the 7 winning leaders were announced: the **Valley of Geysers** on the Kamchatka Peninsula, **Lake Baikal** in the south of Siberia, **Man-Pupu-Nyor** (or Manpupuner) in the Ural Mountains, the **Peterhof Palace** in Saint-Petersburg, **Saint Basil's Cathedral** on the Red Square in Moscow, the **Motherland Calls in Mamayev Kurgan in Volgograd**, **Mount Elbrus** in the northern Caucasus mountains.

The tour operator BaikalNature dared this adventure and united all the Wonders in one general trip, the sites which are commonly visited as separate or even dreamt to be visited...

Making a 21-days journey from the Kamchatka Peninsula to Mount Elbrus, you will cross the whole Russia by making a visit to these 7 places, which are very different from each other and characterize the country. You will make one of the fortunate visitors who have a chance to discover these treasures of Russian national heritage. Take a look at a map to realize the scale of this adventure!

Imagine as well the contrast between the wild nature and the famous cultural sites that you are going to experience: one day you have a dinner in front of volcano, the other day you are having lunch in the imperial palace of Peterhof; one evening you admire the sun setting on the inaccessible shelf of Man-Pupu-Nyor, the other one you are passing in one of the most dynamic capitals in the world – Moscow.

Our journey "7 Wonders of Russia" is not simply a visit to Russian places of interest, this is a unique chance to see the wild nature, immerse yourself in the culture of different people of Russia, to touch the history of the past. You will have a walk through the "earth of fire", observe wild animals and take a part in a shamanic ritual. Also, you will make a visit to main cities of Russia; take a taste of a caviar and omul – endemic Baikal fish, the Caucasian BBQ (shashlik). You will enjoy the greatness of Lake Baikal, the fineness of the Peterhof Palace and the beauty of Saint Basil's Cathedral. You will sense a thrill facing the highness of giant Man-Pupu-Nyor pillars and the Mamayev Monument, the Kamchatka volcanos and Mount Elbrus!

And that`s just a small part that may be described with words. Like it is sung in the popular Russian song: "Until you see it, you will never understand it".

This exclusive trip is fully designed and organized by BaikalNature team. Today it represents our flagship product. BaikalNature is also the first tour operator to bring this itinerary to life. The itinerary crosses nine time zones, and in order to minimize the jet lag the route runs from east to west. The tour starts in the Petropavlovsk-Kamchatskiy airport (PKC) and finishes in the airport of Volgograd (VOG).

Checklist & Equipment

It is hot in summer at Lake Baikal area. Nevertheless, you should always have something to put on, as weather in Siberia is very changeable.

If you plan your trip in May or September, please feel free to bring your hat, gloves and windjacket in case of snow or rain.

June is also pretty cool.

July and August are the hottest months, which offer you temperatures of 25 ° - 35 ° at daytime and 15 ° - 18 ° at night. On the shores of Lake Baikal, like in the Alps, you should wear T-shirts and shorts in the sunny afternoons, sweaters and jackets in the cool evenings.

We recommend you to pack all your stuff in two bags: a small backpack and a large travelling bag.

SMALL BACKPACK: will be useful for carrying your personal belongings during the day (camera, film, personal medication, bottled water, etc.) You will also use it as hand luggage during air travel for all your heavy (to lighten the travel bag in the luggage compartment), fragile (camera, etc.) and necessary (toilet bag, etc.) things.

BIG TRAVEL BAG or BIG BACKPACK: must contain the rest of your stuff. It will be in the luggage compartment during the flight. It will be transported by vehicles.
