

North East Passage — Detailed description

Trip Length: 28 Group: 54-10 Departure: Fixed Period: December - January

Trip overview

Russia controls one of the major sea routes in the world, widely known as the Northeast Passage. Until recently only a few expedition vessels could have ever gone this way through. Though recent changes in sea ice conditions turned this route accessible for common tourists. Considering this, apparently it's the right time for us to invite you to be part of our history making expeditions through the Northern Sea Route.

During this cruise you can discover how diverse is the nature of the Arctic: unique geological formations, fascinating culture of indigenous people, bears, walruses, musk-oxen and birds. The programme covers the visits to the Wrangle Island, Cape Dezhnev, the Novosibirsk Islands, Severnaya Zemlya (the North Land), Franz Josef Land and Spitsbergen. A journey to these breathtaking places awaits you!

Highlights

- Acquaintance with culture of Chukchi and Eskimos
- Visit of Whale Bone Alley
- Visit of different islands
- Observation of animals
- The shortest seaway between the western part of Russia and Far east

Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

BaikalNature offers visa support and has created "BaikalNature letter of invitation" package. If you buy a BaikalNature tour, this package is absolutely free; when you buy any other BaikalNature service, you will have to pay for this package.

For questions regarding obtaining an electronic visa, please contact your tour manager.

Money

The Russian currency is ruble. The cost of travel and other services is always fixed in rubles. Please note that cards from foreign banks do not work in Russia at the moment. Tourists can obtain a bank card from a Russian bank in advance or travel with cash. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities. It is also worth noting that the exchange rate at airports is usually not the most favorable. It is better to exchange in big cities (you can check the current exchange rate online). Important! Only new banknotes without defects or any traces are accepted for exchange.

Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left at your discretion in envelopes.

Health

No compulsory vaccination.

Emergency Contact

You can contact BaikalNature by phone: +7 924 531 87 01 (What's App, Telegram, Viber)

In addition, your call will be forwarded to your manager, reachable 7/7.
