

Baikal Ski Tour — Detailed description

Trip Length: Group: 2-10 Departure: Fixed Period: December - January

Trip overview

Here is an exciting journey to the heart of snow-covered and enveloped in cold Siberia. This time we invite you to visit frozen Lake Baikal by skiing and snowmobiling. The tour starts in the south of the Baikal with a 12 km (7.5 mi) cross-country skiing to accustom you to this travel mode before leaving for a 3-day ski journey on the ice of Lake Baikal. We will visit an open-air architectural monument - the Circum-Baikal Railway, will see its tunnels pierced into the mountain and picturesque viaducts. In the atmosphere of Polar landscapes we will ski on the Baikal ice field stopping overnight in small Siberian villages or at forestry officers' houses. In some areas the ice can be free from snow, which can hamper our moving at first. But little by little you will get used to slide on ice and will begin to move much easier. During this tour you will travel light, all your luggage will be transported by car.

In addition to this adventure snowmobiling in snow-covered taiga, ice diving, and splendid landscapes of the winter Baikal await for you.

Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

We recommend you to pack all your stuff in two bags: a small backpack and a large travelling bag.

SMALL BACKPACK: will be useful for carrying your personal belongings during the day (camera, film, personal medication, bottled water, etc.) You will also use it as hand luggage during air travel for all your heavy (to lighten the travel bag in the luggage compartment), fragile (camera, etc.) and necessary (toilet bag, etc.) things.

BIG TRAVEL BAG or BIG BACKPACK: must contain the rest of your stuff. It will be in the luggage compartment during the flight. It will be transported by vehicles.

However, it can be difficult to exchange traveler's checks, even in cities.
