

Baikal - Magadan Winter Expedition — Detailed description

Trip Length: 16 Group: 4-8 Departure: Fixed Period: January

Trip overview

Travel across the territory of permafrost, visit the capitals of Yakutia and Buryatia, undergo a ritual purification ceremony in the coldest village on Earth, visit the sites of the former Gulags and ghost towns and complete the path with observing the view of the Sea of Okhotsk from the city of Magadan - how about all this combined in one trip of 16 days in SUVs? Seems challenging but.. why not ? Now imagine that the entire journey from Irkutsk to Magadan will be held under extremely cold temperatures reaching -50° and sometimes even lower! It is not very easy to decide upon this kind of adventure, right? But not with BaikalNature! Here are the reasons why: with thoughtful approach to your comfort during the stay the agency provides you with comfortable off-road cars that are fully equipped for this kind of expedition, overnight stay in cozy hotel rooms and local guest houses, heated garages to put the cars in for every overnight - and this is just a brief glance at what we provide in order to make the conditions of the tour more comfortable.

During the trip we will ride along the famous highways: Amur (R-297), Lena (A-360) and Kolyma (R-504). The Lena highway goes mainly across the territory of permafrost and the Kolyma track, also known as the "Road of Bones" was built by labor camp prisoners.

Also, every participant of this expedition will receive a certificate upon visiting the Pole of Cold from the hands of the true Yakut Father Frost - Chyshaan, undergo a ritual purification ceremony according to local traditions and participate in ice fishing.

During the course of this expedition you will not only drive for over 5000 km but also you will have an opportunity to get acquainted with the history of the Soviet Union, visit the local museums, get a closer view on the daily life of indigenous people.

This tour is held in a format of expedition. Description of the itinerary presents only a common plan of the expedition. In case of any force majeure (such as bad weather conditions or any other unexpected and unpredictable events), the organizers reserve the right to make changes to the program.

NB: This tour has no fixed group departure date. The price is available upon request.

Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

If you are traveling in the spring or autumn, please check with your manager for a list of recommended equipment and an approximate weather forecast.

Recommended checklist

towel
water bottle/flask
winter expedition boots (like Sorel or Baffin)
winter expeditionary down jacket (up to -50 °)

Meals

In the canteen at the inns, fresh local products.

Homestay cuisine based on fresh products.

If you are a vegetarian or have any particular preferences, please let us know, so we could adapt the menu.

Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

BaikalNature offers visa support and has created "BaikalNature letter of invitation" package. If you buy a BaikalNature tour, this package is absolutely free; when you buy any other BaikalNature service, you will have to pay for this package.

For questions regarding obtaining an electronic visa, please contact your tour manager.

Money

The Russian currency is ruble. The cost of travel and other services is always fixed in rubles. Please note that cards from foreign banks do not work in Russia at the moment. Tourists can obtain a bank card from a Russian bank in advance or travel with cash. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities. It is also worth noting that the exchange rate at airports is usually not the most favorable. It is better to exchange in big cities (you can check the current exchange rate online). Important! Only new banknotes without defects or any traces are accepted for exchange.

Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left at your discretion in envelopes.

Health

No compulsory vaccination.

You need to get a health examination before a great trip. Consult your doctor. Get a dental checkup. If you have health problems that could worsen during the trip, make sure you have taken all your medications with you.

Provide a first aid kit that includes among other items:

- aspirin or paracetamol,
- anti-diarrheal pills,
- antiseptic,
- adhesive plaster,
- sterile pads.
