

Baikal Buggy Winter Adventure — Detailed description

Trip Length: 3 Group: 4-6 Departure: Fixed Period: February - March

Trip overview

Do you want an adventure with new feelings? Especially for you BaikalNature made an exclusive tour where you will have a unique circular itinerary offering you a total change of scenery each kilometre.

Buggy is a comfortable and practical vehicle with a very high off-road performance often used on rally rides will get over Baikal ice ridges and through cracks. Your trip will be very safe because of spike tires, low seat, stable chassis and firm body. These are the main characteristics that differ buggy from quad bikes and snowmobiles. This little "bug" is very easy to drive having or not experience to drive a car. All you need is to press accelerator pedal or the brake.

You will enjoy driving; moreover, we propose you a unique itinerary: starting from the Maloye More strait, we will stop near the Khorin Irgui cape (Mare's head), we will drive along the western coast of Olkhon island for discovering icy grottoes with splashes – "sokuyi" till the Khoboy Cape – the northernmost point of the island. Then, we will drive to the geographical centre of the lake where we will spend a night in a real BaikallceCamp! The second day, we will go along the eastern Olkhon island shore: it's uninhabited and wild far away from bitten tourists trails.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

If you are traveling in the spring or autumn, please check with your manager for a list of recommended equipment and an approximate weather forecast.

Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

BaikalNature offers visa support and has created "BaikalNature letter of invitation" package. If you buy a BaikalNature tour, this package is absolutely free; when you buy any other BaikalNature service, you will have to pay for this package.

For questions regarding obtaining an electronic visa, please contact your tour manager.

Money

The Russian currency is ruble. The cost of travel and other services is always fixed in rubles. Please note that cards from foreign banks do not work in Russia at the moment. Tourists can obtain a bank card from a Russian bank in advance or travel with cash. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities. It is also worth noting that the exchange rate at airports is usually not the most favorable. It is better to exchange in big cities (you can check the current exchange rate online). Important! Only new banknotes without defects or any traces are accepted for exchange.
