

End of the Earth. The Cape Dezhnev — Detailed description

Trip Length: 11 Group: 6-10 Departure: Fixed Period: August

Trip overview

For certain, all of us heard the expression “I am with you even in the ends of the Earth”. In fact, no one has ever seen this “end of the Earth”. One could have only guessed or imagined where it could be situated. Some of us could have pictured the “Mountains of Mordor” from “The Lord of the Rings” movie, where the whole world rests behind (lays beyond) and there is nothing ahead except for the fiery lava. Others dreamed of careless and peaceful serenity like when one lays down on his back, closes his eyes and forgets about everyday fussiness that’s troubling him. “But where one can actually find a place like this?” – you may ask. How is it possible to get there? Should one go by plane or by train? Perhaps, it is necessary to float by ship? The only thing is clear, that’s not an easy thing to reach Cape Dezhnev. Yes, yes, the “end of the Earth” is Cape Dezhnev – the extreme point of Eurasia. And today we propose you to take part in a tour that will blur the boundaries of habitual world and show the contours of the globe. This tour, unique in its affluence and availability, is meant for fans of active kind of recreation. It offers you an excursion around the administrative centre of Chukotka – city of Anadyr, a flight on a plane, trips on motorboats, a chance to observe the many thousands of bird colonies and marine animals (whales, seals). You will make a visit to an abandoned Inuit settlement of Naukan, the easternmost settlement of Eurasia – Uelen, bath in hot springs, watch whale hunting and do many other things. And that is only a small piece of what can be described with words. As they say, you cannot understand what you have not seen, so don’t hesitate to take part in this tour.

Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

BaikalNature offers visa support and has created "BaikalNature letter of invitation" package. If you buy a BaikalNature tour, this package is absolutely free; when you buy any other BaikalNature service, you will have to pay for this package.

For questions regarding obtaining an electronic visa, please contact your tour manager.

Money

The Russian currency is ruble. The cost of travel and other services is always fixed in rubles. Please note that cards from foreign banks do not work in Russia at the moment. Tourists can obtain a bank card from a Russian bank in advance or travel with cash. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities. It is also worth noting that the exchange rate at airports is usually not the most favorable. It is better to exchange in big cities (you can check the current exchange rate online). Important! Only new banknotes without defects or any traces are accepted for exchange.

Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left at your discretion in envelopes.
