

## Kingdom Of Ice — Detailed description

Trip Length: 8    Group: 4-12    Departure: Fixed    Period: February - March

### Trip overview

You are in a good shape and you want to go for an adventure usually reserved for seasoned travelers only? You love being outdoors and you're ready to go further into the discovery regardless of your own comfort?

Then this journey was made for you. Cross the Lake Baikal where it is the widest and explore the Baikal most mysterious winter places while always observing the security rules so that you can enjoy your trip safely. Travel on foot, by hovercraft and 4WD to see Baikal ices in all their forms: frozen capes and rocks, clear ice patches blocked in vertical columns, giant ice shards, endless windblown ice covers and snow-coated fields.

Spend a night at your camp right in the middle of the lake on a 5000 feet deep water (1500 m). Welcome to Baikal Ice Camp! Play hockey on the clearest ice, ice skate on the deepest lake in the world, enjoy the Ice Bar menu especially designed on site and experience the purest Baikal water in the banya.

Journey on ice and meet with the local anglers, taste fresh fish all of the Baikal delicacy through its flavour.

At this end of your trip, visit the Republic of Buryatia and its capital city Ulan-Ude and ride on the Trans-Siberian railway across the taiga and along Lake Baikal.

As adventure-filled as this journey may be, it still contains much of cultural discovery as well. Visit the Taltsy Ethnographic Museum and enter a datsan in Ulan-Ude to taste nomadic cooking.

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

Crampons for walking on ice will be provided on the spot.

**Recommended checklist**

Thermal underwear

At restaurants and homestays in cities, traditional cuisine consists of local specialties.  
Picnic for lunch and hot meal served at your accommodation in the evening.  
If you are a vegetarian or have any particular preferences, please let us know, so we could adapt the menu.

## Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

## Money

The Russian currency is ruble. In all cities and many large villages of Russia, you can easily withdraw rubles, using a Visa or MasterCard, from ATMs, located in banks, department stores or hotel lobbies, some of them are open 24 hours a day. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities, seldom in the countryside. However, it can be difficult to exchange traveler's checks, even in cities.

## Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left at your discretion in envelopes.

You need to get a health examination before a great trip. Consult your doctor. Get a dental checkup. If you have health problems that could worsen during the trip, make sure you have taken all your medications with you.
