

Tiksi. Arctic Expedition — Detailed description

Trip Length: 14 Group: 4-5 Departure: Fixed Period: December - January

Trip overview

The Extreme North, the arctic tundra, the polar night and the northern aurora... These ideas are as far from the citizens, as the space exploration. The North doesn't like the casual passers and the Extreme North is too far from the common concept of tourism. However, the calm and tranquillity of these places is reachable. The North cannot be called "extreme" as there is no extremities!

In 2018 BaikalNature decided to open to its tourists a new opportunity – the unique expedition to the northern most village of the Yakutia region – Tiksi. The word "Tiksi" means "rendezvous, arrival". The real charm of this village is in its geographical position. The bay of the same name is considered as the Yakutia sea gates, situated north of the Arctic Circle in the Laptev Sea. The main peculiarity of the expedition is not the destination, but the trip itself. Only having got over more than 2 500 km by winter roads and frozen north rivers, we will arrive to this "bay of rendezvous". This bay is friendly only for those who dared to venture him physically and morally.

The expedition starts in Yakutsk. We will meet with arctic people and visit the Topolinoye village – the village of the reindeer's herders. Crossing the tundra and frozen rivers, we can observe the wild arctic animals such as birds, polar fox, reindeer, wolves and others.

The main part of the route passes to the North from the Polar circle and every day we will have possibility to observe the northern lights and make rare photos.

On the way there are no hotels, museums, cafes or other touristic places. Our tour is not about this... To try yourself in the face of full isolation, where you won't find roads, only directions to go. Our goal is to reach the place where the winter ramp over 8 months a year.

Our team and equipment ensure the security on the journey. There will be 2 off-road vehicles Toyota Land Cruiser, that proved their reliability during our expeditions such as "Pole of Cold" or "Baikal. 110th km". The vehicles will be followed from the satellite 24 hours a day. Also all participants of the group should be in good physical shape, ready for difficulties of the wild nature and not to have medical contraindications. We will be moved away from the civilization by the distance and the weather influence.

NB: This tour has no fixed group departure date. The price is available upon request.

Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

We recommend you to pack all your stuff in two bags: a small backpack and a large travelling bag.

SMALL BACKPACK: will be useful for carrying your personal belongings during the day (camera, film, personal medication, bottled water, etc.) You will also use it as hand luggage during air travel for all your heavy (to lighten the travel bag in the luggage compartment), fragile (camera, etc.) and necessary (toilet bag, etc.) things.

BIG BACKPACK: must contain the rest of your stuff. It will be in the luggage compartment during the flight. You will bring it during some days of the trekking.

Money

The Russian currency is ruble. In all cities and many large villages of Russia, you can easily withdraw rubles, using a Visa or MasterCard, from ATMs, located in banks, department stores or hotel lobbies, some of them are open 24 hours a day. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities, seldom in the countryside. However, it can be difficult to exchange traveler's checks, even in cities.

Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left at your discretion in envelopes.

You need to get a health examination before a great trip. Consult your doctor. Get a dental checkup. If you have health problems that could worsen during the trip, make sure you have taken all your medications with you.
