

Great Baikal - winter version — Detailed description

Trip Length: Group: 5-10 Departure: Fixed Period: December - January

Trip overview

When speaking of Lake Baikal, it is impossible to do without superlatives. It is the oldest lake in the world, the deepest and the cleanest one. In winter it freezes over and offers access to inaccessible parts of its reserves and national parks. We invite you to enjoy routes of transparent Baikal ice and discover the wild north of the lake.

Travelling by Russian 4x4 - UAZ - adapted to local weather conditions we will explore the frozen Baikal overcoming piles of ice, cracks and snow storms. This is an exceptional adventure that will bring you from Olkhon Island to the north of the lake from where you will descend to the Barguzinsky Reserve and Buryatia.

During this journey you will hike a lot. Despite this it is not necessary to have a high level of fitness because all your luggage will be transported in 4x4 and you will only carry your things needed for the day. However, you should equip yourself with high spirits and sense of humor since in the north of the lake there are no good hotels, in fact there are no any. We will spend nights in huts of forestry officers and meteorologists without conveniences and even sleep on the floor, that is why sense of humor is indispensable. But important note: it is warm inside! And acquaintances made will be unforgettable!

Two weeks will allow you to discover all wild spots of the lake where nature has not been touched with human activity yet. You will bathe in numerous hot springs, taste Siberian cuisine, discover the way of life of local people. You will visit principle towns of the Baikal and learn their culture and history.

True adventure in the very heart of Siberia!

Checklist & Equipment

You will need in Russia in winter:

- to protect yourself from the cold weather;
- to protect yourself from the wind;
- to protect your feet from moisture;
- to protect yourself from the sun's reflection from ice and snow.

Allow the system of "three layers":

- The first layer, called "second skin", determines the performance of the other two layers. It will transport sweat to the next layer and dry quickly to avoid cooling after exercise. Therefore forget the cotton retains moisture in the skin and choose underwear in synthetic fabrics.
- The second layer must keep the heat of the body as long as possible. Warm synthetic or mixed (wool or fleece turtleneck sweater) fabrics, that dry quickly, are preferable.
- The third layer should protect you against wind and moisture. Choose a jacket, long enough, 100% waterproof, preferably with hood.

Meals

In the canteen at the inns, fresh local products.

Homestay cuisine based on fresh products.

Picnic for lunch and hot meal served at your accommodation in the evening.

If you are a vegetarian or have any particular preferences, please let us know, so we could adapt the menu.

Laundry

Some hotels and inns offer laundry services for a variable sum of money. It is sometimes possible to use laundry services at homestay (when there is running water) for a fee.

Visa

You need a tourist visa to travel to Russia. It can be issued for a maximum period of 30 days. Your passport has to be valid for at least six months after the expiry date of your visa and to have at least two blank pages.

BaikalNature offers visa support and has created "BaikalNature letter of invitation" package. If you buy a BaikalNature tour, this package is absolutely free; when you buy any other BaikalNature service, you will have to pay for this package.

For questions regarding obtaining an electronic visa, please contact your tour manager.

Money

The Russian currency is ruble. The cost of travel and other services is always fixed in rubles. Please note that cards from foreign banks do not work in Russia at the moment. Tourists can obtain a bank card from a Russian bank in advance or travel with cash. If you have euros or dollars with you, exchange offices will allow you to change them easily in the cities. It is also worth noting that the exchange rate at airports is usually not the most favorable. It is better to exchange in big cities (you can check the current exchange rate online). Important! Only new banknotes without defects or any traces are accepted for exchange.

Tipping

All persons who compose the BaikalNature travel team (guides, drivers, cooks, etc.) are paid a decent wage for their services and do not expect any tips from you. So you have no obligation to leave anything. If you really want to express your satisfaction by leaving a gratuity, and if it is in foreign currency, be aware that torn or glued coins and banknotes cannot be exchanged. Anyway, thank you for your tips, left

at your discretion in envelopes.

Health

No compulsory vaccination.

You need to get a health examination before a great trip. Consult your doctor. Get a dental checkup. If you have health problems that could worsen during the trip, make sure you have taken all your medications with you.

It is advisable to keep the following vaccines valid:

- diphtheria,
- tetanus,
- Polio.

Tick-borne encephalitis is present in areas of forest, taiga where ticks are the carriers of encephalitis between May and July. As of August, they are no longer carrying the virus. If you do not get vaccinated, you should follow the basic precautions, including:

- protective clothes
- use of repellents
- daily check of the skin.

It is also possible to take out special insurance covering the analysis of the insect and vaccines.

Provide a first aid kit that includes among other items:

- aspirin or paracetamol,
- anti-diarrheal pills,
- antiseptic,
- adhesive plaster,
- sterile pads.

If you have individual diseases, make sure you have taken your medications.
